OIC INVESTMENT FORUM IN AFRICA

Presentation

Positioning the African continent as an attractive investment destination for investors and economic operators from other OIC regions and beyond. This Forum, which aims to contribute to the stability and prosperity of Africa, also aims to highlight the main investment opportunities, as well as the incentives and facilities granted to investors from Member Countries.

It will, on the one hand, encourage investment flows between OIC countries, present investment projects of African countries, promote the exchange of national and regional experiences and, on the other hand, contribute to the financing of projects by regional financial institutions. Similarly, it will serve as a catalyst for the realization of investment intentions in structuring projects, thus stimulating investments in intra-OIC value chains.

As part of its activities aimed at strengthening trade and investment among OIC Member States, the Islamic Center for Development of Trade (ICDT) is organizing under the High Patronage of H.E the President of the Transition, Head of State of the Republic of Mali and H.E the OIC Secretary General, and in partnership with the Ministry of Industry and Trade (MIC), the OIC Investment Forum in Africa, from December 2 to 4, 2025 at the Bamako International Conference Center (CICB). This Forum is placed on the theme: «Unlocking Africa's investment potential».
